October 2025

Dear Parent/Guardian,

Murrumbeena Primary School is looking forward to another great year of teaching and learning and would like to advise you of Murrumbeena Primary School's voluntary financial contributions for 2026.

Schools provide students with free instruction to fulfil the standard curriculum requirements and we want to assure you that all contributions are voluntary.

We want to thank you for all your support, whether that's through making payment contributions, fundraising or volunteering your time. This has made a huge difference to our school and the programs and facilities we offer.

**Attached to this letter is the Education Department Parent Payments Policy.** This policy outlines that instruction is provided free of charge for students in Government schools however stationery, textbooks, digital devices, subscriptions etc are additional costs that schools can ask parents to contribute to (see curriculum contributions).

The School Council Finance Committee has reviewed the voluntary parent contributions and despite increased supplier costs has decided not to increase the contributions.

Within our school, parent contributions have allowed us to continue to enhance the learning environment and to offer a wide range of programs to capture the varied interests of our students. Parent contributions have allowed us to:

- Offer the '**Stephanie Alexander Kitchen Garden**' program which enables students to grow, harvest, prepare and share food through gardening and cooking classes with specialised staff. It should be noted that the Education Department does NOT provide additional funding for schools to run the SAKG program so without parent financial contributions, the program is simply not possible.
- **Continue to create open learning spaces**, both indoors and outdoors with furnishings and fittings designed for creativity, communication and collaboration. Parent voluntary contributions enable the school to continue to improve its grounds and facilities. Last year we installed the synthetic turf and veranda outside the learning centre and hall, a new playground for year 3-6 and the rollover bars in the quiet area. This year we installed barrier netting behind the junior football posts, junior netball rings and a retaining wall behind the portables.
- **Parent contributions will enable us to complete our plans to increase shade/ weather protection** in the school. The Facilities School Council subcommittee is currently planning the installation of the COLA; a covered outdoor learning area based on the feedback from the 2024 community consultation.

For further information on the Department's Parent Payments Policy, please see the one-page overview attached.

Yours sincerely,

Rochellee Plumb  
Principal

Luda Unitt  
School Council President
